Editorial.

Last week reminded us all why we joined Rotary in the first place. It was a great night of international fellowship with the Dutch Group Study Exchange Team as our special guests. A great night was had by all. On Wednesday, the Dutch team experienced vocational days organised by our club. Thanks to you those who arranged these.

On Friday, about a dozen from our club ventured to Canberra for this year's District Conference. Astronaut Andy Thomas was an inspiring speaker, and our club athletes were inspiring in the inaugural cluster relays, which our very own Beachside Cluster won!

Rotary etiquette: Your questions answered

Q: Dear Auntie, my husband was drooling during the Dancesport demonstration at the Conference Dinner Dance. How do I prevent this? HS

A: Dear HS, the dancers at the Conference feature on TV's *Dancing With the Stars*. Your husband probably misses this each week as it clashes with our weekly Rotary meeting. The outfits are very tiny and the dancers very fit. The only solution is a blindfold.

E-mail your Rotary etiquette questions to the editor to pass onto Auntie Etiquette.

At last you can go direct to our web address without needing to redirect. Until now, you had to cut and paste to go to our vicnet site. Don't forget you can download any of this year's bulletins at the site. The weekly speakers is still to be updated but stay tuned for more.
