Ever Had a Life Changing Moment?

A moment that touched you, that inspired you, that compelled you to make a change in your life or help make a change in the lives of others?

The 76th Rotary District 9800 Conference

is all about life changing moments. You will hear from speakers that will influence the way you view yourself, your life, your vocation, and your ability to make a difference in the world.

You'll hear about bringing basic health to third world countries, about how young people have been able to turn their lives around after beating their addictions and about turning the tide against our ability to fight the effects of dementia. You'll learn how to be employed in life rather than retired from work, where the youth of today will be reading the news of tomorrow, and how a simple idea can turn into a worldwide sporting event that turns around the lives of its competitors.

You'll hear from people that have made it on the back of their attitude to life:

A Federal Minister; a Professor turned Governor, a man who has called an AFL Grand Final and even a man who has played in one. You will hear just what it takes to truly unleash your own potential and make a lasting difference in **the world**.

You'll be entertained

by one of the world's finest opera singers, hear comedy segments from some of Australia's best new comedic talent, and meet fellow Rotarians from far and wide with passions, ideas and initiatives to share. You'll have the opportunity to meet with others and discuss possibilities, develop networks that can help help projects take flight, make long-lasting friendships that stay with you long after the Entertainment Finale's last notes have sounded.
