The Not the Gen News

- The Gen will return in it former glory
- The Editor apologises for any inconvenience caused
- AG Iven Mackay selected as District Governor Nominee
- The Melbourne racing Club (who run Caulfield Racecourse) have publicly welcomed President of Glen Eira Roatry Club (that's us!) at Saturday's committee lunch. As a thank you to our Club (they knew the President's partiality to all things horses) an invitation to Lunch was extended. A delicious and fruitful lunch. We were able to discuss building a relationship and we now have contacts withing their marketing, committee and the CEO Warren Brown, also came and said hello. This should begin a strong future together.

Even in these times with the Gen not well, The Not the Gen still braves our Rotary world. Cute fellow, but this is ***NOT*** the Editor with his little friend. Remember Rotary Shares!
