## Vision for the Centre of the Course

### Message from the CEO

The Melbourne Racing Club is proud of its shared history with the Glen Eira community. I would like to share with you, our vision for the public open space of the Reserve, a safe and accessible area where we can all enjoy walking, fishing, jogging or just take some time out to appreciate the natural environment. New signs welcoming visitors to the Reserve have recently been installed on all gates and entries. I look forward to continuing to work with the Trustees, Glen Eira Council and the community so that we may all share in the benefits the Reserve has to offer.

Warran Brown:

CEO, Melbourne Racing Club

### The Proposal

Part of the Caulfield Master Plan includes some exciting initiatives which will see the Centre of the Course enhanced for the greater benefit of the community. The Club's proposal includes:

- Boardwalk around the existing lake. This is the perfect addition for public to stroll around the natural infield lake, possibly stop to use it for fishing, etc...
- BBQ area. Putting aside some specific areas for families to gather and cook a bbq while enjoying the great views from the centre
- Themed Walking/Running track. This is an idea which has been well-received by many local residents, involving a 1.6km themed track for community to use to run, jog or walk round.
- Zoned area for expanded access: At present the training of horses at certain times of the day makes it unsafe for public and horses to be in the same area. Under the proposed plans the Club would create a large area with natural division, enabling local residents to use the centre in a safe environment, while horses are being trained and exercised on the track.

### THE NEW BOARD

Well at the end of this Rotary year we remember that it is important not to be a puppet on a string. The Editor wishes to thank you one and all for your feedback in all things the Bulletin. Only in the dark can one see that this is not a caricature of that individual who masquerades as the Editor. That said, this master of words and prose, however much you may think so, is in fact **NOT** the Editor. See you in next year's Bulletin.

Rotarians are encouraged to use **THE GEN** as a means of sharing information about Rotary, coming events and news. Your item/s can be emailed to the editor:
