**Bethlehem  
Update**

Our Club is  
earmarking  
Bethlehem as a hands  
on project and in part  
we wish to support  
this Saturday's  
Dinner Dance

Our Club's survey  
indicated we wanted  
to hear a little more  
community  
awareness.

Enjoy tonight!

## Last week's meeting

Last week's meeting featured a Director's Night. The Club Directors spelt out their visions, plans, and ideas to the general club. Once again we have a strong diversified program. Some of the key highlights is two major projects being our Annual Business Person's Breakfast. Our 21st Birthday celebration at Kooyong in November, with Ogaki West RC our very special guests.

Also we are in the process of our Science Forum candidate completing her interviews. We Kaitlyn Clinch and her mother last week. Kaitlyn spoke very well.

There will also be avenues of other youth activity including our Youth Dinner.

We are looking at a hands on project with Bethlehem Hospital. Membership continues to be a priority. Club Service will be given the Ian Marks touch up, so that will be terrific.

International looks busy with Ron Sack unveiling his agenda. Vocation also moves full steam ahead.

### DR Peter Holingworth Former Governor General

In a joint meeting with other Rotary Clubs, we will hear from Dr Hollingworth about the PACE program

**Jan Hill and I heard the RI President recently. Here is his August message. Make Dreams real, always...**

**August 2008** Dear fellow Rotarians, This year, we have set ourselves an ambitious goal: to *Make Dreams Real* for the world's children by reducing child mortality. I believe we can achieve this goal, if we focus our efforts and work together. But I also know that at the end of this year, there will be a great deal left for us to do to bring health and hope to all of the world's children. If we are to reduce child mortality, in this Rotary year and for many years to come, we need to have Rotarians to do it. Every project we do in water, health and hunger, and literacy helps create a better world. Every project helps change the world, a little bit at a time. And every project needs caring and capable Rotarians. Each new Rotarian we bring into our clubs helps to *Make Dreams Real*. That is why, this year, I am asking Rotarians everywhere to meet bold membership goals: first, to increase membership by 10 percent and, second, to create two new clubs per district. Like the goal of reducing child mortality, these are ambitious goals that we can achieve – if we set our minds to them. If we look for new Rotarians only among our friends and family, we may not be able to find enough qualified new members. But if we reach out to community leaders who are of a different profession, or a different generation, we will find many potential Rotarians. It is natural to want to invite people into our clubs who are like ourselves, but that limits the diversity and talent of each club. We must welcome younger members to our clubs, or we will have not only lost an important source of energy and expertise but also failed in our duty to our organization to train the next generation of club presidents, district governors, and senior RI leaders. Remember: Membership is the responsibility of each of us. Every one of us has an obligation to keep Rotary strong, active, and growing. If we hope to *Make Dreams Real* for the world's children in a meaningful and lasting way, we must ensure a new generation of Rotarians to continue our work.
