Business Person's Breakfast

Terry McCrann our Business Person's Breakfast Speaker for 2009. The world's economy is the key topic, who better to speak to us? 21 April 2009

Last Week's Meeting PHILIP ARCHER

Last week District's head of marketing, Philip Archer, spoke with our Club. We also bade a fond farewell to our exchange student Melinda Heap. WE heard from Ms Heap about her impending exchange. The Club thanked Geoff Asher on his tremendous efforts in exchange. We presented an Australian flag to her as a gift. Philip spoke with great passion about how Club's like ours can continue to succeed and increase membership. We must be vigilant to ensure we are constantly looking at our future numbers and placing strategy to look for greater membership. Look for opportunities to publicise the projects, the activity. New members should be introduced to projects and activity straight away. Invited guests and new members should be embraced, be seated with enthusiastic Rotarians and made to feel part of the whole Rotary family. It was a well received and inspiring talk by Philip. Separately the Sgt, one Geoffrey Asher esq was at his best (for him it was his best) at extracting additional funds from members by seeking answers to scientific questions. It is a scientific fact that Geoffrey Asher esq, is still but a humble Sgt, but sadly, alas, not quite the wit and raconteur of Sgt's past... jokes...

Dinner at London Tavern

Rotarians please be aware, with London Tavern seeking a pricing rise after their expenses have gone up, and after consultation with you as members and discussion with London Tavern we have decided to seek the option of ONE main course as our fare. This will defray costs to the Club and maintain our current \$25 surcharge. Bon Appetite'.

Rotarians are encouraged to use **THE GEN** as a means of sharing information about Rotary coming events and news. Your item can be emailed to heubergd@anz.com Preferred deadline Friday 5pm..

On Saturday after Melbourne's hottest day ever, 46.4 degrees, Victoria was hit with a devastating tragedy. Many lives lost, live stock and animals perished, homes raised, communities and towns destroyed. Tonight we will discuss what tangible efforts we as a Club can make to better the situation of our fellow citizens living so close to us. We may seek the proceeds of BPB in this vain.
