Welcomes you to our
MAGIC NIGHT**

**Inside the Gen:
You too can join Rotary
The Magic of Rotary
Last week This week**

*Rotary and Magic
Sol Rosenzweig MAGICIAN*

The Magic of Rotary—Feel Free to JOIN us.

The eradication of polio from the world is Rotary's greatest magic, it is nearly gone from the world, and Bill Gates has already committed hundreds of millions of dollars to this end. Rotary acts with shelter boxes in devastated countries eg flooded areas, after earthquakes. Locally The Caulfield Hospital Mobility Track is our Club's project.

INTERESTED in being a ROTARIAN please ask any member of our CLUB you would be very welcome. Service Above Self!

The Art of Magic

Magic is a performing art that entertains an audience by creating illusions of seemingly impossible or supernatural feats, using purely natural means. These feats are called *magic tricks, effects* or *illusions*.

One who performs such illusions is called a *magician* or an *illusionist*. Some performers may also be referred to by names reflecting the type of magical effects they present, such as prestiditators, conjurers, mentalists, escape artists and ventriloquists.

COVER PAGE PHOTO: *The Conjuror*, 1475-1480 Note that the man in the back row is stealing another man's purse. He is also applying misdirection by looking up at the sky to misdirect the audience from his actions. The artist has even misdirected us from the thief, because we are drawn to the magician.

Rotarians are encouraged to use **THE GEN** as a means of sharing information about Rotary coming events and news. Your item can be emailed to heubergd@anz.com Preferred deadline Friday 5pm..

Last Week This Week:

Our Speaker last week (8 September)

John Strong stood in at short notice as speaker in place of John Mountford and Stephanie Sacco, with John Mountford taken seriously ill with food-poisoning. So instead of acting as Chairman, John Strong was the speaker, and, instead of explaining the complexities of modern will-making, we were treated to a masterly account of John's career as a land surveyor, rising from a young man with the then Country Roads Board to a Director of Fisher Stewart, one of Australia's top land surveying and project managers. It seemed that no job was too large. We all came away with a far better appreciation of land surveying but also of our wonderful Rotarian member. Thanks John, a terrific job.

Our Guest this week (15 September)

It is going to be a magical night. Who knows what is going to happen? We might all be levitated, sawn in half, have years taken off us or simply had our wrist watched pinched under our noses. We do know that Sol Rosenzweig is a committee member of the Australian Society of Magicians, Australia's largest and oldest magic club.

We also know he is one of Kurt Langfelder's bowling buddies so he must be good.

Like all good magicians, he never tells his secrets, so we just have to sit back and all will be explained - not likely!

This is ***NOT*** the Editor although not certain who this could be? A **STRONG MAN** in his hey day, though there may be a touch of Harry Houdini in this picture it just couldn't be ehe, no must be a **STRONG** man who makes good speeches.
