www.rotarygleneira.com.au

Meets at: London Tavern, 414 Hawthorn Road, Caulfield

We Meet at 6.30pm for 6.45pm each Tuesday evening

With great thanks to all Rotarians and friends and partners who supported our Club's efforts in the Camberwell Rotary Art Show.

Great work all - with thanks!

Tonight's guest speaker

KYLIE SHERIFF

A typical Bank Manager

Last Week: Professor H. Miles Prince (A Very Special Night)

Professor Miles Prince is the Director of the Centre for Blood Cell Therapies at Peter MacCallum Cancer Centre, Melbourne, Australia and Director of the Blood and Marrow Transplant Service. Professor Miles Prince spoke about his research and the differing research into the blood cancers. Professor Miles also explained in plain terms the various impacts on patient, family and friends. He noted the impact goes beyond the patient. Professor Miles also noted that every part of research and discovery is About the patient. He sees his main as being with the patient.

This night was also a cross over to Rotary Health and we also had in attendance Dr Ron Goldberg and he explained his fund raising in this area and how vital Professor Miles is to his endeavours. Our special night also saw a wonderful special donation from Marc Fookes (a Past President of our Club) who was with us together with his wonderful wife, everyone's favourite Bev Fookes.

Of interest in this research is the Rotary Foundation and it matches some of the funds raised as a grant. Professor Miles explained aspects of stem cell research, the theory of cells as "seeds" and the "soil" that surrounds these "seeds." He answered questions as well including noting our research must confirm to world standard best research. We all look forward to placing this insidious disease into the annals of historical interest i.e. a cure is found. It was a tremendous evening that was a further highlight of the impact people have in our lives when their focus is improving the lives of others.

Rotarians are encouraged to use **THE GEN** as a means of sharing information about Rotary coming events and news. Your item can be emailed to heubergd@anz.com Preferred deadline Friday 5pm..

President Jan Hill TUESDAY July 6

Just as President Obama was inaugurated so too will Jan Hill take the chains of office from President Sam. A night for our Club to celebrate all things Jan.

Kylie Sherriff, Manager, Westpac Bank, Elsternwick "A typical bank manager"

Kylie Sherriff was appointed as the new Bank Manager in Elsternwick in October last year and has been working closely with the Elsternwick community over the past six months. The position is a return to the traditional model of banking where the Bank Manager has the autonomy to make decisions for customers locally and to provide personal advice. Westpac local Bank Managers run their branch like it's their own business. The Bank Manager has the autonomy to make decisions locally and ultimately offer a more personalised service. Bank Managers are accountable for their local profit and loss statement and are empowered to make local decisions that they believe will benefit their community. Kylie has 20 years experience in the banking and finance industry, and an MBA from the Australian Graduate School of Management. More importantly, Kylie possesses a high level of relationship management experience and a "zero tolerance" of anything less than optimal customer service.

Having lived around the area for 10 years, Kylie understands what is important to the local community and The Elsternwick branch employs 20 people, including specialists such as a Local Business Banker, Home Finance Specialists and an Advanced Financial Planner.

"As well as doing business, I am also committed to increasing our support of the local community, and I am always looking for opportunities to be involved in the events and activities that are important to Elsternwick."

Kylie was born in Melbourne, moved around a lot as a kid with her Army Dad, her at-home Mum and her 4 sisters (yes, no boys). She is a Geelong supporter, a genetic trait past down from her father, and has a love of travel and new cultures, food and wine (don't we all?).

The Camberwell Rotary Art Show

A quick note of thanks to all members, partners and friends of Rotary who assisted our Club's tasks in assisting Camberwell RC in their Art Show. Many Rotarians put in numerous stints in support. But a big thanks to Kurt Langfelder for his organization efforts. More on this event in future Bulletins. A VERY BIG GREAT thanks to Geoff Asher on his beyond duty efforts in organization and work in this event. The Club salutes you Geoff. Rotary work at its finest.

This is **NOT** the Editor, and this is not our esteemed Rotarian of all things Art Show. No it is not, but the resemblance is somewhat there to a former NSW transport minister. Whilst the Minister is a big larger, the white moustache is a fashion worn by discerning fashion types. Not the same person as any Rotarian.
