**This Week Meeting.**— Our speaker this week is Jon Charlton, Headmaster of Kilvington Girls' Grammar, someone we should foster (Remember Angela Ngo from Kilvington was our Student of the Year).

His topic is "Kilvington's decision to go co-educational in 2011". Kilvington has been a girls' school for 87 years so it will be interesting to hear his story.

**District Governor's Weekly Message**

Please consider booking now for our District Conference next year from 31 March to 2 April, 2011, in Adelaide, held at the fabulous Adelaide Convention Centre.

The Conference will open on Thursday night by His Excellency Rear Admiral Kevin Scarce, Governor of South Australia. An inspiring array of nationally and internationally acclaimed speakers will ensure this Conference will be enjoyed by all. The conference will live up to its theme "**Bound for fun.....bound for South Australia**".

Just look at the speaker's diverse range of talents so far:-

- This author has book sales of over 250 million copies
- A Decorated Military peace keeper, survived under fire in a war zone
- Vietnamese boat arrival now Lieutenant Governor of SA
- Bali Bombings victim of 2002, OAM in 2006, and South Australian of the year in 2010

*(Continued on page 2)*

Let's lead the way and bin our Gen when finished.

- Australia's most controversial commentator/columnist
- A young SA woman...planning to blast off into space
- A Rotary Polio Plus Ambassador who will inspire you, all the way from USA
- Since 1862, this leading SA business, is run by the families 5th generation

### District 9800 Leads the World - Another Peace Fellowship Success

The Trustees of the Rotary Foundation have awarded one of 50 Rotary World Peace Fellowships to take a Masters degree in Peace and Conflict studies to Jessica Butcher who was nominated by RC Melbourne. She will study at the University of North Carolina. Jessica is the 14th person successfully nominated by D9800 in the 10 years of the program and we are the only District in the world to have been successful in every year of the program.

Jessica is employed by the Uniting Church being committed to interfaith work between Christians and Muslims working both in Australia and Indonesia and has extended her activities to bringing Indigenous and other Australians together, particularly in northern Australia.

Natasha Holt, nominated by RC Gisborne, has been selected as first reserve for Duke University. Natasha held an Australian Youth Ambassadors Award in China working on HIV/AIDS prevention there. Since her return she has been working on child protection particularly as it relates to Child Sex Trafficking and Slavery focusing on the Asia/Pacific region.

Sophie Brown, nominated by RC Melbourne has been selected as 3rd reserve for Duke University. Sophie has been working in Afghanistan having worked for The World Bank, The Economist magazine and International Monetary Fund. She is helping build basic administrative infrastructure in economic ministries in Afghanistan and is now seconded to helping flood recovery in Pakistan.

With only 4 Australians being selected this year plus 3 being reserves, the District continues to perform well above its weight. Last year, 7 Australians were selected of whom 4 were from D9800.

In addition to the Masters Program, 50 Fellowships were available for the 3 month Certificate Program at Chulalongkorn University in Bangkok. However, of the 46 applicants only 32 met the selection criteria. So we need to look for mid career people working in the field with 5 or more years relevant experience – the vacancies are there for the next round. Our Fellows who were on the recent July program speak glowingly of it. Extracts of Samantha Hardy's report are in a separate article in Foundation News.

### Say it isn't so!

You've got to wonder about the simple things in life after Nicaragua accidentally invaded its neighbour, Costa Rica. Their excuse? "Oh its Googles fault." "If you look up the borders in Google Maps, its shows us that we are, in fact still on Nicaraguan soil".

Did they check with the UN? No, the CIA? No, or even Microsoft Bing Maps? certainly not. But hey, they had Iphones, got lost and looked up on Google Maps to see where they were. And..Google had the wrong map posted.
