Warnambool - Building Communities, Bridging Continents
Dear President of the Rotary Club of Warnambool,

Jan and Warrnambool

The Rotary Club of Glen Eira members are embracing this year's Rotary Theme, 'Building Communities and Bridging Continents' and in doing so aims to connect with both Rural and International Rotary clubs and residents throughout this Rotary Year. I am particularly keen to acknowledge the work of the Rotary Club of Warrnambool as your City is also my birth place and hometown. My connection with Warrnambool is and will always be life long strong. This letter coincides with my birth month and 2010 is a significant year for me. Therefore it is fitting that I send this letter of support to all your members and acknowledge the fantastic work you have done for the Local and International Communities over the last 80 plus years.

Having attended your 80th Anniversary last year, I am aware of the extent that your members have epitomized the motto of 'Service Above Self' since the Rotary Club of Melbourne sponsored your club.

I wish you all the very best for your club's plans and objectives for 2010 11 and ongoing into the future. Certainly, Warrnambools' inhabitants are greatly enriched by the work of yours and other local Rotary Clubs efforts in making their community the best it can be.

Please extend to all your members sincere wishes for every success with your Rotary Projects from all the members of the Rotary Club of Glen Eira and myself. I will read this letter at our clubs' August 24th dinner meeting in the presence of our District Governor Iven McKay.

Rotarians are encouraged to use **THE GEN** as a means of sharing information about Rotary coming events and news. Your item can be emailed to heubergd@anz.com Preferred deadline Friday 5pm..

Improving education is the key to a better future for emerging countries.

One of Rotary's major projects is to provide the basic equipment that students need. Exercise books are a major part of the "Education Kits" we provide for free.

In the past some stores have allowed us to purchase bulk quantities of the exercise books they have on special, as part of their "Back to School" promotion. Being able to buy in bulk and pick-up at a time that suits the store makes things easier for everyone and carton lots are better for shipping.

If you can assist in this way our Club and the students would be very grateful.
