Extension Month**

Aug 9, 2011

Volume 22, Issue 5

Razzle Dazzle with Basil

David Heuberger interviews Basil

Last week, in the tradition of the club, Basil was under the spotlight as he was interviewed, by our own David “David Frost” Heuberger.

David has a great knack for extracting the best out of people and this interview was not exception.

We learnt, for example that Basil was a ‘Straight’ Hair Dresser, worked with cars, namely Peugeot and Citroen,

taught himself databases and warehousing logistics.

Basil has been with Rotary for over 40 years and is the second oldest member of the club.

When he isn’t working, he’s cracking funny jokes amongst the members.

Basil in full flight

Farewell Aunty Jack, we will miss your raffle tickets.

After many years of faithful service to Rotary, Jack Dimand has

Retired from Rotary and will remain as a Friend. When interviewed, Jack loved his time with Rotary but now wants to travel and not feel pressured to attend each week.

Jack was best known in the club of distributing the raffle

ticket each week. Jack was also a regular at DIK.

In this issue:

Letters to the Editor

Dear Esteemed Editor,

My humble sorry to raise this vexed issue with your goodness.

It has come to my keen attention that upon some distinguished members making announcements of lengthy duration.

Other equally distinguished members feel the requisite need to have a natter.

Perhaps the shrewd and quite charming, Sgt At Arms, will engage in fining of said distinguished members?

This will apply equally to the lengthy announcer and the interrupters.

Yours in Jest

Sgt At Arms

Sound Designer: Alan Green

Love Changes Everything...

...a beautiful and famous song which sets the scene and frames the story of this glorious, elegant and sophisticated musical. Spanning twenty years across post war France and Italy, *Aspects of Love* tells a tale of passion, love and loss over three generations of one family.

Alex Dillingham, a young student travelling through France, falls in love with the alluring and wordly actress Rose Vibert. As the pair embarks on a passionate affair, the unexpected arrival of Alex's much older uncle George changes their lives and those around them forever, as they all come to appreciate that love changes everything.

From the prolific pen of Lord Andrew Lloyd Webber (book and music), Don Black and Charles Hart (lyrics), whose names are associated with some of the most loved and successful musicals of all times (including Phantom of the Opera, Sunset Boulevard, Evita, Cats, Song and Dance) comes a rich score full of beautiful harmonies, lush melodies and glorious love songs.

Westernport Water director and Rotarian Trevor Nink, left, with engineer Sharmila Acharya and Westernport Water's project manager Recycled Water and Rotarian, Keith Gregory.

Canadian learns from locals

WESTERNPORT Water strengthening its international ties with the Australian water industry, receiving a visit from Sharmila Acharya, a Canadian engineer.

Sharmila was given a tour of Westernport Water's water treatment facilities, as well as an introduction to the Wonthaggi Desalination Plant under construction.

She also met with several engineers to discuss the impact of heavy water usage on the environment and how Westernport Water is contributing posi-

tively through the development of a Class A recycled water plant.

Sharmila is undertaking her Engineering Masters degree at Melbourne University, specialising in environmental engineering.

She is studying under the Rotary program and has received a Rotary Ambassadorial Scholarship in light of her achievements.

The purpose of the Ambassadorial Scholarships program is to further international understanding and friendly relations among people of different

countries and geographical areas.

The program sponsors academic year scholarships for undergraduate and graduate students as well as for qualified professionals pursuing vocational studies.

While abroad, Sharmila serves as a goodwill ambassador to Australia and will give presentations about her homeland to Rotary clubs and other groups.

Upon returning home, Sharmila will share her experiences and lessons learned during her stay.
